## NEWS RELEASE

### **SCCA Enterprises Appoints MLC Motorsports as FSCCA/SRSCCA CSR for NORPAC Division**

October 5, 2005

MLC Motorsports of Reno, Nevada working in cooperation with Bulldog Motorsports in Patterson, CA have been appointed the NORPAC Division Customer Service Representatives for the FSCCA/SRSCCA race cars by SCCA Enterprises.

Both Chuck Johnson of MLC and Don Huston of Bulldog are current racers in the San Francisco Region. Johnson stated "after running the car in a few races there is no question the FSCCA/SRSCCA cars will be a success on the West Coast if properly marketed and supported. We presently have two new FSCCA cars scheduled for delivery in October for rental and test drives and will be acquiring a full inventory of spare parts for both the chassis and transmission,"

MLC and Bulldog will be providing sales assistance (Enterprises will continue to sell the cars directly), parts, assembly, service, trackside support, rentals and arrive and drive services in their authorized service area. "We plan to schedule a track day at Thunderhill in December where interested drivers have an opportunity to spend some time inspecting and driving the car before making the decision to purchase" said Huston.

"We will also have a car on display at the San Francisco Auto Show November 19 through November 27 at the Mosconi Center in downtown San Francisco" said Johnson.

Chuck Johnson of MLC may be contacted in Reno at 775-853-7762 (c.w.johnson@sbcglobal.net) and Don Huston of Bulldog may be reached in Patterson at 209-892-5747 (bulldog23@gvni.com).
