SCCA ENTERPRISES SPONSORS SAN FRANCISCO REGION FORMULA SCCA SERIES FOR 2006

“SCCA Enterprises, Inc. has announced they will sponsor a minimum \$5,000 total purse in support of a 2006 San Francisco Region Formula SCCA Championship Series” said Chuck Johnson of MLC Motorsports. “This is a major step forward in growing the FSCCA class on the West Coast” continued Johnson.

“We will be announcing the details of how the prize money will be awarded as soon as we get that finalized. We are also working on other contingency prizes to further enhance the package” stated Don Huston of Bulldog Motorsport. “The West Coast has gotten off to a slower start than the Eastern SCCA Divisions where we have established Divisional Championships in concert with Formula Car Magazine. MLC and Bulldog have really jump started the SCCA Enterprises spec formula car in the San Francisco Region and we believe the class will continue to grow and are pleased to be able to support it” noted Erik Skirmants, president of SCCA Enterprises, Inc.

The San Francisco Regional FSCCA Championship Series will be part of the regularly scheduled SCCA’s San Francisco Region’s race series. San Francisco regions’ races will be run at the region’s owned track at Thunderhill Raceway Park in Willows, California and also at Infineon Raceway in Sonoma and Laguna Seca Raceway in Monterey, California for the 2006 season.

MLC Motorsports, LLC of Reno Nevada and Bulldog Motorsport of Patterson, California are partners and are the SCCA Enterprises, Inc. authorized Customer Service Representative for the Formula SCCA and Spec Racer SCCA race cars. MLC may be contacted at 775-853-7762 or via email at info@mlcmotorsports.com, Bulldog may be contacted at 209-892-5747 or bulldog23@gvni.com and SCCA Enterprises at 303-693-2111 or enterprises@scca.com.
